

How to

1) Cut

2) Trace folding lines with something sharp to make sharp edges when fold (I usually use an old cutter which is not too sharp to cut the whole paper.)

3) Fold and Assemble (Please refer a photo on dA.)

i.e. - Face > Hair

- Body > Legs > Coat > Arms

- Face + Body + other

4) Put the papercraft on a square stand.

5) Complete. Enjoy!
